

LOKESH KOLUSU

Vijayawada, Andhra Pradesh — +91 8919232414 — kolusulokesh934@gmail.com — [linkedin.com/in/kolusulokesh](https://www.linkedin.com/in/kolusulokesh)

PROFESSIONAL SUMMARY

Recent B.Tech graduate in Information Technology with strong knowledge of **Core Java, Advanced Java, OOP, SQL, DBMS, Spring Boot, Hibernate and JPA**. Hands-on experience building database-driven applications using **Java, MySQL, JDBC, HTML, CSS and JavaScript**. Familiar with CRUD operations, layered application development, database integration, exception handling, debugging and SDLC practices. Adaptable quick learner with strong problem-solving, teamwork and technical troubleshooting skills.

EDUCATION

B.Tech – Information Technology	2023 – 2026
R.V.R. & J.C. College of Engineering	CGPA: 7.5
Diploma – Computer Engineering	2020 – 2023
A.A.N.M & V.V.R.S.R Polytechnic	Percentage: 87%

TECHNICAL SKILLS

Programming: Java, SQL, JavaScript

Java: Core Java, OOP, Collections, Exception Handling, Multithreading, Java I/O, JDBC

Backend: Spring Boot, Spring Framework, Hibernate, JPA

Frontend: HTML5, CSS3, JavaScript

Database: MySQL, SQL, Joins, Subqueries, GROUP BY, HAVING, Aggregate Functions, Views, Stored Procedures, Constraints

Concepts: Data Structures, DBMS, MVC Architecture, SDLC, CRUD Operations, Database Normalization

Tools: GitHub, Eclipse, IntelliJ IDEA, VS Code, MySQL Workbench

PROJECTS

Employee Management System *Java, Spring Boot, Hibernate, JPA, MySQL, HTML, CSS, JavaScript*

- Developed a full-stack Employee Management System using **Java, Spring Boot, Hibernate, JPA and MySQL**.
- Implemented employee and department **CRUD operations** using Spring Data JPA and REST APIs.
- Used **Hibernate ORM and JPA annotations** for mapping Java entities with relational database tables.
- Implemented **@OneToMany, @ManyToOne and @JoinColumn** relationships between employees and departments.
- Applied **Spring Dependency Injection** using Controller, Service and Repository layers.
- Used **@Transactional** to maintain data consistency during multiple database operations.
- Implemented **exception handling and input validation** for reliable application execution.
- Applied SQL concepts including **JOINS, subqueries, GROUP BY, HAVING and aggregate functions**.
- Developed frontend components using **HTML, CSS and JavaScript** and integrated them with REST APIs.
- Applied **OOP principles, MVC architecture and debugging** practices to build a maintainable application.

INTERNSHIP EXPERIENCE

Industrial Intern – Microlink Information Technologies *Jul 2022 – Jan 2023*

- Assisted in testing and debugging embedded system applications and troubleshooting technical issues.
- Participated in system integration and technical documentation activities.
- Collaborated with development teams to identify and resolve application and system-level issues.
- Gained practical exposure to software development workflows, testing, debugging and problem-solving.
