Professional Summary

Aspiring Java Full Stack Developer with strong knowledge of Core Java, Object-Oriented Programming, and Data Structures. Skilled in developing web applications using HTML, CSS, JavaScript, and MySQL. Familiar with backend development, database design, and end-to-end application flow.

Technical Skills

- **Programming:** Core Java
- **Web Technologies:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Concepts:** OOP, Data Structures, SDLC
- **Tools:** IntelliJ IDEA, VS Code, GitHub, Maven, MySQL Workbench

Projects

Full Stack Web Application (Client Management System) Java — MySQL — HTML — CSS — JavaScript

- Developed a Client Management System using Java Full Stack to manage client details and project records efficiently. The application follows a layered architecture with frontend, backend, and database integration.
- Built the frontend using HTML, CSS, and JavaScript to provide user-friendly interfaces for data entry, viewing, and interaction.
- Implemented backend logic using Core Java to process user requests, handle business operations, and manage application flow.
- Connected the application to a MySQL database and implemented CRUD operations to store, retrieve, update, and delete client data dynamically.
- Designed the database schema using normalization techniques to ensure efficient data organization and integrity.
- Implemented input validation and error handling to maintain data accuracy and improve system reliability.
- Followed SDLC phases including requirement analysis, design, development, testing, and deployment.
- This system helps in reducing manual work, improving data organization, and enabling efficient client and project management.

Internship Experience

Industrial Intern – Microlink Information Technologies

Jul 2022 – Jan 2023

- Worked in Design and Development department on embedded systems
- Assisted in system integration and testing of real-time applications
- Gained experience in debugging and problem-solving

Education

B.Tech – Information Technology	2023 – Present
--	----------------

R.V.R & J.C College of Engineering — CGPA: 7.5

Diploma – Computer Engineering 2020 – 2023

A.A.N.M Polytechnic — 87%
